Château de la Grave Les Choses En Rosé

Nestled in a 14th-century castle, Château de la Grave is an exceptional addition to the enotri community, offering a stunning collection of Bordeaux wines faithful to the traditions of this celebrated region of France. Guiding principles include respect for the environment, quality control in the vineyards, and vinification and maturing in the pure Bordeaux tradition.

On the banks of the Bourg, the oldest Roman vineyards on the Atlantic coast of France, the estate is well recognized in French wine guides as an emerging star of the region. The Bassereau family blend Sémillon and Colombard in an exquisite white, while the Merlot-dominated reds are spiced with Cabernet Sauvignon and Malbec.

VITICULTURE

Since 1990, Philippe and Valérie Bassereau have run Château de la Grave, mixing tradition and modernity: 45 hectares of vines all around the château, farmed organically and biodynamically, with ploughing, grass cover and no chemical fertilizers or insecticides.

Formerly the Hommage rosé, this is a plot selection of pure Cabernet Sauvignon. Pale salmon, with wild strawberry, spice and pepper on the nose; fleshy and airy, with surprising roundness, great finesse and a persistent finish with a hint of vanilla. Proof that rosé can be a great food wine.
